

Coalition to Restore Coastal Louisiana's Coastal Restoration Road Show

CRCL debuted Restoration on the Half Shell: Presentations in Non-Technical Language at this year's State of the Coast Conference in order to provide an overview of coastal restoration in Louisiana tailored to individuals who are interested in learning more about how our state plans on dealing with the land loss crisis we face. It was a resounding success, so much so, that we have decided to take this "mini-conference" on the road.

Beginning in February 2017, CRCL will host a series of Coastal Restoration Road Show events throughout Coastal Louisiana. Each event will provide a high level overview of Louisiana's coastal land loss crisis including what's at risk and our state's plan for action. Together, we will take a closer look at projects and restoration efforts specific to the area where each event is being held. Each event will consist of presentations and discussion in clear, non-technical language.

In this way, CRCL will bring together people who are eager to learn about our coast and how we can all have a hand in making a difference for future generations.

CRCL is currently looking for sponsors to help us bring these exciting and important events to as many people as possible across Coastal Louisiana.

We need your help.

PRESENTING SPONSOR (\$10,000/event) benefits include:

- Name/Logo incorporated into promotional materials
- Acknowledgement as Presenting Sponsor in all media outreach
- Opportunity to give away information and promotional items at each event
- Includes reserved seating for 10
- Includes all benefits of Platinum Sponsorship

PLATINUM SPONSOR (\$5,000/series) benefits include:

- Verbal and visual acknowledgement during each Restoration Road Show event
- Logo hyperlinked on Coastal Restoration Road Show landing page on CRCL's website
- Logo included on Coastal Restoration Road Show hand out materials

For additional sponsorship details, please contact Drew Ramsey at drew.ramsey@crcl.org or 504-264-6252

The Coalition to Restore Coastal Louisiana is a non-profit organization whose mission is to drive bold, science-based action to rebuild Coastal Louisiana through outreach, restoration and advocacy.
